## From the Commodore by Shane Wallace

CYC's 43rd Semi-annual General Membership Meeting is scheduled for November 12, 2011. Please attend as important actions will occur at this meeting, most notably the election of 4 replacement board members. The board's nominating committee will offer 4 candidates for election to the board. The general membership will have the opportunity to nominate additional candidates from the floor. A vote will follow that will select the 4 replacement board members who will serve a 2 year term.

Another extremely important issue at hand will be the discussion of our different insurance coverages and whether we need to increase any of those, increase or decrease deductibles and how that will affect our premiums,

and finally, how to pay for any increase in coverage. The club needs membership input in order to give the board direction on these issues.

Lastly, with elections of the board taking place this weekend and after a few years as Entertainment Chairman, I feel it's time for a change and some fresh ideas, so I will be stepping down from this position as of December 31, 2011.

We will need someone to step up to volunteer to chair this committee who can take charge of the oversight of our monthly socials. I know there are members who would be happy to assist that person in this endeavor. So, please consider volunteering for this position when the next commodore asks for volunteers to head our

various committees. We aren't a large enough club to have paid staff to handle our socials. This is your club and if we are going to have socials and activities, then we are going to need your help as members to get that accomplished.

## Junior Sunfish Program by Butch Leger

If anyone knows of any used sunfish or sunfish parts that can either be donated to the club or purchased at a reasonable price, please contact me by responding to this email. We are always looking for good used parts to repair the older boats that we have in our fleet. Over the next several months, we will be working to repair and/or replace some damaged parts on some of our sunfish so we can get as many of them as possible in good order for some spring and summer sailing.

## House and Grounds by Dan Snow

Our great facilities are here for you and your guests to enjoy, and members are strongly urged and encouraged to make full use of our facilities. Just keep in mind that you are responsible to clean up after yourself, and that includes washing dishes and utensils, taking out the trash, and removing stored items from the refrigerator.

We are planning to install a replacement header on the top of the west bulkhead this weekend. Any assistance with

this project would be greatly appreciated.

Your continued cooperation with the drinks in the refrigerator is appreciated. Please turn off lights, air conditioners, fans, etc., and lock all doors when you leave the premises.

If you notice any house and ground or maintenance issues that need to be addressed, please contact me to me at [daniel.snow@lusfiber.net](mailto:daniel.snow@lusfiber.net)
