

The Pointer

April 1, 2021

- Sailboat races have resumed!
- Repairs underway
- Crawfish Boil and Semi-Annual Membership Meeting on Saturday, May 8!

From the Commodore - John Conner

Greetings CYC members,

Spring is arriving and fine outdoor weather is coming soon. I hope everyone has done well during the last year. Quite a year it has been with COVID the major player, tropical weather of last summer, and our major taste of winter in February. The club is in the process of recovering as well. We have so far brought in several truckloads of Limestone and graded the parking lot to make it easier to drive into the property and launch boats. We plan to also bring loads of dirt to fill the erosion along the bulkhead when the property becomes dry enough to bring in big trucks again. We plan to replace the two stair cases with aluminum stairs and the hand rails on the upper deck. The water pump house will be rebuilt. If you have been to the club in the last couple weeks you should see that the concrete on the lower levels have been power washed.

The two hurricanes last summer flooded the lower deck and bathrooms. The storms caused deck boards to float off and the bathrooms and down stairs store room to be flooded with over a foot of water. The doors were knocked in and the rooms were filled with mud and swamp grass. Electrical power to the point was down for several days. The club has been cleaned up and repaired so it is ready for everyone to come and enjoy. We also plan to start painting the outside walls of the club, especially where we have had to replace sid-

ing. The TV stopped functioning after the storm but has been replaced by a donated TV. Please note the south side stair is condemned until it can be replaced.

I urge everyone to come and enjoy the club now either by launching your boat for sailing or fishing. We will be planning to have some work party's to address things like the needed painting and further cleaning of the club. If anyone has concerns regarding the club or sees anything needs to be done please let any board member know and if there is something that you have the skills to fix let us know and we will reimburse you for you expenses of doing the work. You can contact any board member with your concerns or ideas. Please see the nearby table for contact information of the current board members.

The racing season has begun with two races completed so far. **We are planning to start our social season with our crawfish boil on Saturday, May 8, 2021.** We have had the event now for a few years with 2020 being the exception due to the pandemic. If you feel safe please come down for this excellent event. **Our semiannual general membership meeting will be held that same afternoon** prior to the crawfish feed. So come on down and enjoy your club the sunsets are still the best in South Louisiana.

Clubhouse repairs: "Before" Left, "After" Right (siding replaced and painted)

Race Results

Four boats competed in the first race of the Rosemary Lucas series on 3/13 with Paul Stutes finishing first followed by boats skippered by Joe Gary, Brent Boulet and Ed Duhe. The 3/27 race featured brisk south winds, 15 to 22 mph, with Brent Boulet first and Joe Gary second.

6/26/2021	Round-the-Bay #2 / CYC Sunfish available for member use
July 9-11	Sunfish Sailing Camp (Friday, Saturday, Sunday)

Notes on the 2021 Calendar and Event Scheduling

We follow a "pattern" to set the calendar for most CYC activities. The pattern used to select dates for sailboat races is the second and fourth Saturday, excluding the winter months, July and August. Socials are typically scheduled on the second Saturday of the month. The Junior Sunfish sailing camp has been scheduled for the

second weekend in July. We will again commit to make Sunfish sailboats available for member use on Race Saturdays subject to certain conditions (warmer weather, maximum windspeed, member experience, reservation).

Please contact Bill Whitehead for more information on Sunfish sailing opportunities.
