## Semi-Annual Membership Meeting, Nov. 14, 2020

The semi-annual membership meeting was held Saturday, Nov. 14 outside on the deck at the CYC clubhouse. There was considerable discussion of the proposed dues increase and the various repairs needed at the Yacht Club. Treasurer Mike Lamperez noted the club is currently carrying approximately \$270,000 in debt and it was not prudent to increase borrowings in order to make the repairs. Several club members expressed interest in assisting Jeff Jolet with the House & Grounds committee, especially to help in prioritizing and planning the necessary maintenance and repair projects at the CYC. The Board welcomes member input for this important committee.

Regarding the dues and the timing of the increase:

- 1) A motion passed to eliminate the \$4,200 assessment upon wet slip occupants to pay for repairs to the electrical panel that supplies electricity to the wet slips. Instead that repair will be paid from the club's general dues.
- 2) The dues increase was approved by membership. However, the increase will be phased in. Effective January 1, 2021 the monthly dues will increase from \$30 to \$40 / month. Then, on July 1, 2021 the second increase will go into effect and the dues will increase from \$40 / month to \$50 / month.
- 3) The fee increases for the "Wet" and "Dry" slips were approved and will take effect on January 1, 2021. The Wet slip rental fee will increase by \$20 / month. The Dry slip rental fee will increase by \$10 / month.

## New Directors Elected to the CYC Board

The meeting also included the nomination and election of two new board members. Joining the Board will be Alan Corne and Ed Duhe. Ed Duhe has served as a board member and Commodore and is the current Harbormaster and webmaster. Continuing on the Board will be Past-Commodore Butch Leger, Brent Boulet,

John Conner, Jeff Jolet, Mike Lamperez, Butch Nolan and Bill Whitehead.

Johnny Beyt and Al Lilley did not seek re-election, however, we were most fortunate to have had them on the board and sincerely appreciate their contributions.

## **CYC Board Meeting December 21, 2020**

At the regular monthly meeting on December 21, held in New Iberia, the CYC board of directors acted on several items, including selecting officers for 2021 and approving a request from Jeff Jolet, House & Grounds committee chairman, to authorize repairs to the CYC parking lot and pump house building damaged during hurricane season. The repairs are expected to cost approximately \$15,000. The parking lot and pump house repair proposal was approved by unanimous vote. The board also approved repairs to a walkway between two wet slips damaged by hurricanes. Coastal Timbers will perform the work which was quoted to cost \$2,261. CYC members occupying the wet slips that share the walkway had made a temporary repair using materials recovered on the CYC property.

## **Notes on the 2021 Calendar and Event Scheduling**

We follow a "pattern" to set the calendar for most CYC activities. The pattern used to select dates for sailboat races is the second and fourth Saturday, excluding the winter months, July and August. Socials are typically scheduled on the second Saturday of the month. We expect socials to resume in 2021, but have not formally scheduled any socials yet. May remains the most likely month for a crawfish boil. The Junior Sunfish sailing camp has been scheduled for the

second weekend in July. Hurricanes forced the postponement of the Sunfish Camp in 2019 and cancellation of the camp in 2020. We will again commit to make Sunfish sailboats available for member use on Race Saturdays subject to certain conditions (warmer weather, maximum windspeed, member experience, reservation).

Please contact Bill Whitehead for more information on Sunfish sailing opportunities.
