## **ALL MEMBERS: STORM & HURRICANE NOTICE**

When a named storm is approaching the Yacht Club, members are notified to remove all trailered boats from the dry slips and to secure their boats in the wet slips. Once the storm preparations are completed the Cypremort Yacht Club is officially closed until such time that the House and Grounds Committee Chairman and the Harbor Master have had an opportunity to survey the facility, assess any damages, utilities have been restored and the CYC Board has determined that it is safe for members to return to the club.

Typically, the first opportunity that CYC members will have to access the property will be for an announced “workday” to clean up after the storm.

The board wants to remind CYC Members that the several hurricanes and tropical storms that have hit the Cypremort Yacht Club recently have damaged club facilities including wet slip walkways, club house decking, stairs, railings and siding, the main electric junction boxes, the pump house, bathrooms and storage areas. Additionally, debris of all kinds washes on and through the property. Members who venture to the CYC property before the CYC Board has given the “green light” are technically trespassing and exposing themselves to potential dangers and injury.
